Choosing to go within, for it is where my Power is...

As a **Way** of Introduction...

- **Final Frontier:** this is an invitation to go beyond the final frontier: the fear-based *interpretations* of the Judeo-Christian scriptures that have worked for eons to split matter and spirit.
- **Great Power:** all ancient traditions allude to a great Power that is in everyone and everything, a Power by which to transcend any challenge. Yet, it is as if a global event wiped out our memory and left a gap in our knowledge base, causing a disconnect.
- **The Bible Phenomenon:** astoundingly, the Bible has had the Power to motivate an entire culture for at least 3,500 years. Where else but in its text will we find the lost symbol by which to interface with the cosmic forces, heal our bodies, and abort the major tragedies that humankind is now facing?

The **Will** of Community

When volunteering to be in “the hot seat,” I am willing:

- to know the truth.
- to begin to see a path to transformation.
- to give myself the permission to stop at any time.

When witnessing solo or as part of a group, I am willing:

- to hold sacred space for the work that is being done.
- to feel that the work being done is also my work.

WHY Going Within?

BECAUSE the Power to change comes from within...
Indeed, I cannot control the “out there” or create in the universe of “the other.”

“At the center of your being you have the answer; you know who you are
and you know what you want.” *Lao Tzu*

- Creativity is Power. Am I just a cog in the wheel or can I live life by design and create my preferred reality?
- Consider: acquiring wholesome Power is the work, as it entails evolving (my) consciousness beyond any misuse of Power.
- To know that Power and evolution go hand in hand, I can ask myself: what can I do today that I could not do 10 years ago? Indeed, what Power do I have now that I did not have before?
- If knowledge is Power, self-knowledge is wholesome Power.

Who am I?

To what mission do I feel called?

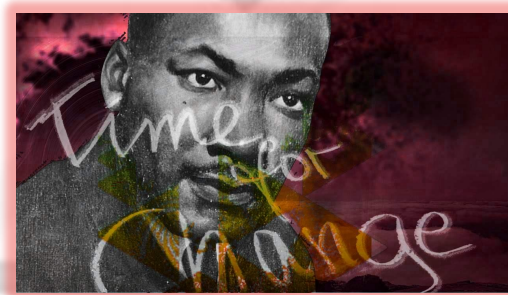

I am a **seeker**.

I am a **visionary**.

I am a **coach**.

I am an **emissary**.

The Power of a **Seeker**

To understand that there is an end to dissatisfaction and to persevere to **THE END...**

The Power of a **Visionary**

To surrender to the unknown, not only in my
“art,” but in all aspects of life...

The Power of a Coach

To give up the things that make me sick
and allow me to heal...

The Power of an **Emissary**

To be the change I wish to see
in the world and, thus, in the **WORD...**

WHY is Power a Mystery?

BECAUSE, while language is where my Power is, there is an unconscious element that drives the story I tell.

“Communication is not what is said and done. It is the result of what is said and done.” *Golden XPR*

- When the results of my communication match my vision, I am telling the truth.
- But when there’s a misalignment between what I say I want and what I have *in reality*, there are a few unconscious intentions in my space.
- These “secrets” are what obstruct my creative magic:
 - In regards to _____, I say I want _____.
 - And what I *actually* have is _____.

WHY **the Word** in Codes?

BECAUSE the codes are the atomic level of the Bible – its “small” world!

“If it [quantum physics] is correct, it signifies the end of physics as a science.” *Albert Einstein*

- Consider: classical physics seeks to understand the world *out there*. Quantum physics questions whether there is an “out there” out there. I am the consciousness that chooses what it observes.
- Just like there is a quantum science that deconstructs the assumptions of classical science, there is a quantum religion that deconstructs the assumptions of classical religion: the scriptures are not only out there. When they are in here, they also are “in HEAR.”
- While quantum science marks a new beginning for physics, the quantum QKabbalah of *Golden XPR* invites a reboot of religion – for **oneness** to be at once “out there” and “in here.”

WHY Speech & Oneness?

BECAUSE, as narrated in various myths across time and space, we've always been one people speaking one language.

And the LORD said, "Behold, they are **one people** and they have all **one language**, and this [desire to be **somebody**] is only the beginning of what they will do. . ." *Genesis 11:6*

- The misuse of "Fire-Power" is so puzzling it became a **cross-cultural myth**. Known in the Bible as *the Tower of Babel*, it describes how linguistic unity is broken out of pride.
- Linguistic unity is to be **one people of one language**. It is to mean what I say and say what I feel. Such authenticity is what freedom of speech is.
- I lost my freedom through a socialization process enjoining me to become "**somebody**." The indoctrination started in the womb with the question "is it a boy or a girl?" This **confused** me!

WHY Confusion?

BECAUSE being confused is a good way to hide my private agendas from myself and from others.

“Come, let us go down and **confuse** their language, so that they will not **understand** one another’s speech.” *Genesis 11:7*

- I am **confused** when I can’t feel the purity of my heart.
- “I still create as I speak,” which is the meaning of the Aramaic formula *Abracadabra*. But my words often create results I would rather not have to experience.
- I don’t **understand** myself: a part of me knows what to say and do to be successful in my creation. The other part doesn’t want to say it or do it.

WHY Understanding?

BECAUSE understanding myself is understanding everyone and everything. Such sentience is also what guides me on the path to transformation.

The XPR Formula: Understand. Choose Peace. emPower the NOW

- **A Nature-Language:** there is a metalanguage (a language beyond all languages) that is programmed to write Nature into being.
- **It is my Nature to be LOVE:** the codes allow me to understand WHY I do what I do, and thus to feel the order inherent to chaos.
- **Understand → Choose Peace:** this felt sense is helped by an inquiry that is sourced in sacred geometry. As such, it is universal (it relates to the whole and not just parts of me), credible (I can trust it), and radical (it takes me to the root).

We call this language “S/Hebrew” [shee-broo], as it is when Hebrew goes global, ecological and unisex as **the words and worlds** of sacred geometry...

WHY Words & Worlds?

BECAUSE, when I open to S/Hebrew's geometry, I realize that it is not the WORLD that was created in 6 days. It is the WORD!

Order of Above	1	2	3	4	5	6
Order of "Belove"	"Day" 1	The SIXth "Day"	"Day" 5	"Day" 4	"Day" 3	"Day" 2

- Called *the seed of life* and *the Genesis pattern*, the geometrical design below transmits the code of creativity in SIX stages.
- At the moment when the 6th circle is formed, the 7th circle that was here before time or mind reappears.
- This state of mind is called *Shabbat* or "rest." It is **the field** where I do not cause anything, letting creation happen *through* me and not *by* me.

A Field Come True

“Out beyond ideas of wrongdoing and right doing, there is a field. I'll meet you there.”
Mevlana Rumi

Religion	Scriptures	?	?	?	?	?
Science	The Field	?	?	?	?	?

- The Bible is **The Field**.
- It is the recipient of the collective unconscious.
- It exists in that in-between space that is half into the surreal and half into articulated knowledge.
- Let us now meet each other “there,” on the other side of what we seem to know.
